Smarter Balanced Assessment Interpretive Guide

Key Terms

Achievement Level – There are 4 levels indicating progress toward meeting the expectation of content mastery and college and career readiness.

Average Scale Score provides data about the average performance of students in the school and district for the tested grade and subject.

Claims are groups of test questions that measure similar skills.

Claims Performance describes student performance as “below standard”, at/near standard”, or “above standard”.

ELA is the English Language Arts/Literacy assessment and includes reading, listening & speaking, writing and research/inquiry skills.

Mathematics is the Mathematics assessment and includes concepts & procedures, problem solving, and communicating reasoning.

Scale Score is the score assigned to the student based on his/her results on the Smarter Balanced assessment. Scores range from 2000 to 3000.

Standard Error of Measurement indicates the range of possible scores if a student took the same test a number of times.

NOTE: The Smarter Balanced assessment includes two components: 1) The Computer Adaptive Test is given online and adapts to each student’s ability. 2) The Performance Task is a collection of questions and activities connected to a single theme or situation. Students write short essays for ELA and solve multi-step problems on one topic for math.

Scale Score:

Demonstrated as 2473±10 in this example, this is the student’s Scale Score with Standard Error of Measurement – meaning that if the student took the test 10 times, he/she would likely get a score between 2463 and 2483 each time the test was taken.

Achievement Level Descriptors:

Level 4 The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills in English language arts/literacy or mathematics needed for likely success in future coursework.

Level 3 The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills in English language arts/literacy or mathematics needed for likely success in future coursework.

Level 2 The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills in English language arts/literacy or mathematics needed for likely success in future coursework.

Level 1 The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills in English language arts/literacy or mathematics needed for likely success in future coursework.
