

The Huron School District is aware of the Coronavirus (COVID-19) and its continuous spread both nationally and internationally. We can assure you, as a District, we are taking all the necessary steps to be as prepared as possible in the event the disease spreads into our community. We are in constant contact with the Beadle County Health Department to stay on top of the situation. We will be sure to keep parents and the public informed whenever new information is presented to us.
