

Huron Public School food service menus now need to be more informative and more transparent than ever.

Our new Nutrislice menus will provide not only breakfast and lunch menus, but can allow access to answer people's diet-related questions and provide much needed nutritional information.

Nutrislice Digital Menus empowers parents, students, and really anyone to easily provide all the menu information they are looking for and give them the tools to meet health-related goals.

Connecting with our customers

- Beautiful menus are instantly available on all your customers' devices by simply downloading the free app. Begin by searching [Nutrislice](#) and downloading the app to your device.

Once downloaded, open the [Nutrislice](#) app. Search organization comes up and type in Huron. Once choices appear, choose Huron (SD) and you are on our district home page.

- Customers can create a personalized menu based on language, nutrition, and dietary preferences.
- Customize and personalize your own menu to a different language, remove one of the big 8 allergens from a menu, or locate the carb listing for foods.

Beautiful, informative menus

- Image-focused layout puts the spotlight on each of our foods
- Nutrition labels
- Carb listing report
- Instant translation in English or Spanish
- Collect customer feedback
