Subject: Volleyball

Terry,

I regret to inform you that I will be forgoing the opportunity to coach volleyball during the upcoming fall season. While I very much enjoyed my time coaching, I know I will be unable to find the time to make it work this fall. Last year, it was difficult at times to be on time to practice due to work priorities, and I did not feel the flexibility was there for me to keep my career as my priority. Furthermore, I will be getting married October 1 followed by a honeymoon which will keep me from coaching during the heart of the season.

I do hope to coach again in the future, but at this time, I do not feel the position will be a fit for me. Thank you again for the opportunity, and I hope you will consider me again in the future. Take care, Terry.

Sincerely,

Janel L. Tolsma

Dear Lori Wehlander:

I am writing to inform the school that I will be leaving my position as Special Education Paraprofessional at the end of the 2015-2016 school year. I have accepted a 2nd grade teaching position in the district.

I have enjoyed working in the Special Education Department. It has been both a rewarding and memorable experience. I have always given students 100% of my knowledge and attention to help them to excel in their educations.

I have appreciated the opportunity that was given to me, and look forward to my new position in the Huron School District.

Best regards,

Larry,

I am leaving and won't be back until Tuesday. I have "cc" Mr. Christopherson so the trade in can be put on the next board agenda. Once way or another, this purchase will be made. I may have some money to buy items less than \$1000 from this year's general fund. The items over \$1000 will have to wait until July 1 so I can pay for them out of next year's capital outlay. I will visit with Kelly about this next week.

Let me know if you have questions.

Thank you.

Hello Mr. Rotert,

The new marching equipment will cost \$8,521. If the school board will allow, we can trade in our old equipment for \$1,100 credit - bringing the total to \$7,421 for the new equipment.

I have included the original quote from Taylor Music. If possible, the bass drums take 4-6 months, so ordering them would be a priority. The snare drums, all carriers, and quint drums are in stock and could wait until July.

Dear Larry:

Thank you for your e-mail requesting price information on the percussion items that you are interested in. As we discussed, the Pearl Championship CarbonCore series "standard" finish is the black/silver burst lacquer finish but that same finish for the regular Pearl Championship lacquer finish bass drums would be a special order finish. Special order finishes normally take 4-6 months depending on what time of year they are ordered. The bass drums in the black/silver burst lacquer finish would be a much longer delivery than the CarbonCore snare drums and quints in that same finish. I do not know why Pearl wouldn't choose to have the standard lacquer finish on the bass drums as black/silver burst like they do the CarbonCore option but they do not.

Currently in stock at Pearl.

As we discussed, we already have the individual prices priced very competitively but if you were to order all of the items listed below in the quantities listed I got it approved to offer you a package price.

SCHOOL PACKAGE PRICE: \$8,250 for the above listed equipment. The individual items come to a total of \$8,521 so the Package Price is a savings of \$271.

This Price Quotation is valid for 60 days. You had mentioned that you may be planning ahead for a purchase next year. We just got a new Pearl price list May of 2015 so these prices will be good for probably longer than the 60 days that I indicated. Pearl doesn't normally take a price increase in January if they already took one in May--if the price would go up again, my thought is that it would probably be next May. I'll honor this bid as long as I can still get the same cost from the factory as what we are getting now. If you think that you may be ordering these next Fall or even this summer, please check with me to make sure there hasn't been any increases. Also, having said this, if your order comes in within a month or two of the price going up, we can usually get price protection, at least for a little while.

As I have listed above the standard finish for the CarbonCore series is the black/silver burst lacquer finish and those are currently in stock at the factory--so are all the carriers. The drums that would be a long

delivery (4-6 months) would be the regular Pearl Championship bass drums. The black/silver burst lacquer finish on those would be considered a special order and would be put in line to be made to order at the factory once they received the order. They do not keep any of those special order finishes in stock for immediate shipping and normally take 4-6 months delivery.

If you have any questions, changes or additions, please feel free to contact me at **1-800-872-2263** or you can e-mail me direct at amy@1800usaband.com. Thanks, Larry, have a good day!

Sincerely,

Amy Charles

RE: Huron School District Request for Two-Year Written Banking Proposal for the Time Period of July 1, 2016 to June 30, 2018.

Dear Kelly:

Thank you for inviting American Bank & Trust to submit our two-year written proposal for the banking services for the Huron School District's operating accounts. We understand based on your letter of May 13, 2016, the total deposit balances range between \$5 to \$9 million. The following describes our proposal for the administration of the banking services of the Huron School District's operating accounts.

CHECKING ACCOUNT SERVICES

Checking accounts will be provided for the Huron School District with no service charges. Deposit tickets will be provided for your checking accounts at no cost to the School District.

The accounts will be set up as interest bearing checking accounts earning a fixed rate of 1.06% APY on total account balances up to \$9,000,000. For balances over \$9,000,000 please contact us for an interest rate quote. The rate will be subject to renegotiation at the end of the two-year term if the School District chooses to continue the banking relationship with American Bank & Trust.

All balances you have in your checking accounts will be insured up to \$250,000 by the FDIC, and any balances over that amount are guaranteed by the South Dakota Public Deposit Protection Commission to whom we pledge securities for your deposits and all public fund deposits.

CASH MANAGEMENT SERVICES

Our Cash Management Services Program will accommodate electronic transmission of your payroll by direct deposit. The Cash Management Program will also allow you to originate ACH debit and credit files. There will be no service charges associated with the Cash Management Services Program.

E-DEPOSIT SERVICES

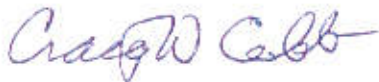

An additional service for your consideration, is our E-Deposit program that allows you to electronically deposit your paper checks directly at your office. We will provide all support and use of equipment free of charge to the School District. I think you will find this service to be an efficient time saver for your staff along with adding safety and security also.

Re: Depository Account Proposal

Dear Kelly,

We would like to thank you for allowing us the opportunity to provide the following proposal in response to your request for banking services.

We will offer our current business checking accounts to you with no minimum balance requirement and no monthly service charges on the five accounts that you had mentioned in your letter. We will pay you a rate of 1.16% on an account designated as an Insured Cash Sweep account that one or more of your accounts could be set to sweep into and out of based on a peg balance of your choice. The transfers could also be set up for you to transfer manually. This will allow for your funds to be FDIC insured. We will also offer to you our business on-line banking at no charge and this is the product that will allow you to send ACH payroll files, view the activity on these accounts and transfer funds between them on-line. This proposal would be offered for two years commencing on the date that the accounts are opened.

Kelly, we are excited to present this proposal and hope to be the bank of choice. If you have any questions in regard to the proposal, please feel free to contact us for any discussion.

Sincerely,

Spencer White
Branch President
