RE: Arena Bleachers Bid

We opened the arena bleachers bids on March 27 and a bid recap is attached. We recommend accepting the bid for the bleachers from School Specialty for a base bid of \$146,850.

This is the low bid and it does meet all the requested specifications.

While the current arena bleachers still look good when all set in place, looks can be deceiving. The structure and mechanics of the current bleachers is in very poor condition. The structure is bent and twisted making the bleachers very difficult to move around and to get set in position.

This bid is for 14 sets of bleachers, 7 on each side of the arena. The 3 sections of bleachers that are set on the north end for State events are still in good condition and we will continue to use them.

The plan for the 14 sections of bleachers we currently have in the arena is to put 6 of them in the Tiger Activity Center, replacing old wooden bleachers from 1950 that do not meet today's building codes. The 6 sections will be placed against a wall and no longer moved around. Four more of the current bleachers will be relocated to the high school gym to replace old wooden bleachers from 1950 that do not meet today's building codes. We will then have 4 sets of current bleachers to put on the surplus auction.
