School board members,

I would like to request permission that activity passes will not be accepted for the Huron Tiger Marching Band Indoor Exhibition. The reason I am requesting this is that our Indoor Exhibition is a fundraiser for our marching band. This fundraiser helps pay for our music and for our drill designs on that we put on the field; without these elements, we would be without the two essential components that allow us to be a marching band, as well as compete throughout our season.

Thank you for your support,
