K-12 Space Education

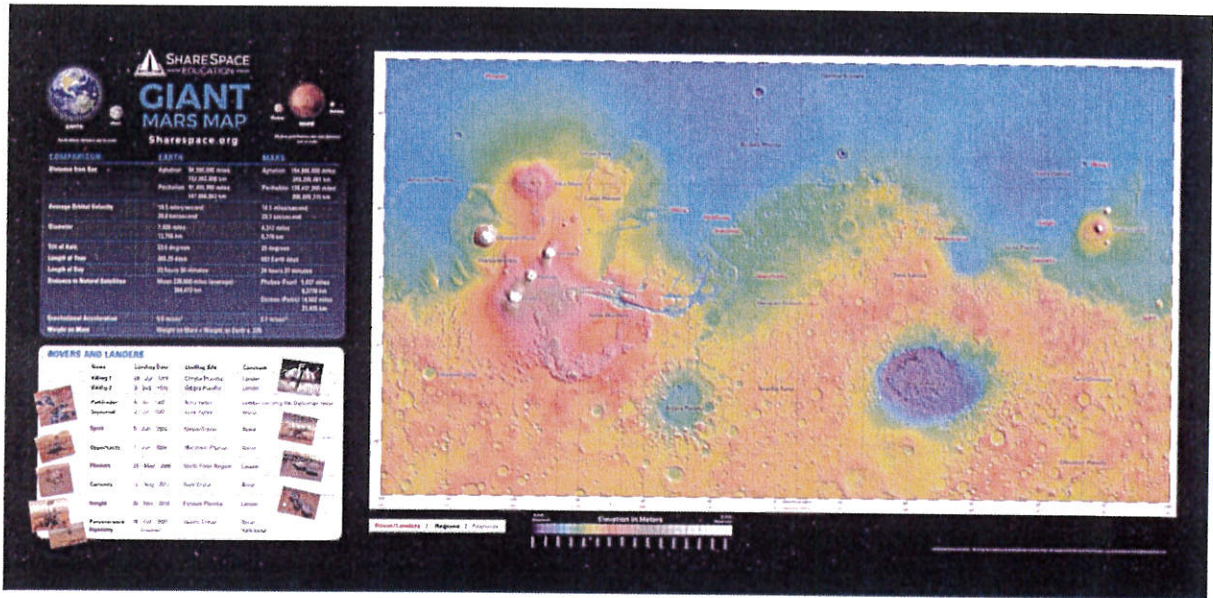

In his book, *No Dream is Too High: Life Lessons from a Man Who Walked on the Moon*, Astronaut Buzz Aldrin said: "The sky is not the limit ... there are footprints on the Moon!" Children dream about the awesome possibility of going to the Moon – and beyond. The first person to walk on Mars is likely enrolled in middle school today.

PCG is proud to partner with the Aldrin Family Foundation to bring exciting, virtual and hands-on STEM-based Space Programs to you. Walk on Mars – learn about space exploration past, present, and future – enroll in STEM Space camps – and ignite the excitement of space travel while nurturing curious explorers of it.
